Agri Funds Are Boosted, Group Accuses Benson

WASHINGTON (AP) — The House Appropriations Committee today voted the Agriculture Department more funds than it requested for next year, but a cowed Secretary Benson of "a breach of faith" with Congress.

The committee sent to the House floor for debate next Monday a bill carrying \$698,741,813 in cash and \$320,500,000 in loan authority for the department for the fiscal year starting next July 1.

This is the exact amount of cash the department requested through the Budget Bureau, but the contract authority is 45 million dollars more than had been sought. The new cash is about 36 millions less than the department received this year, while the loan authorization is 64 millions less.

The committee authorized the entire 250 millions requested by the department for the conservation program for the 1955 crop year. Money to finance this authorization which includes a soil conservation subsidies will be provided in next year's appropriation bill.

While allowing the department the amount of new cash it requested, the committee cut some of the projects in the overall farm program and recommended that the money thus saved go to the school lunch program.

Wiretapping Fate Still Uncertain

By B. L. L. IVINGSTONE

WASHINGTON (AP) — A House-passed bill to legal the use of wiretapped evidence against spies and saboteurs faced an uncertain fate in the Senate today, although there were promises of early consideration.

What emerged yesterday after nearly two full days of heated house debate was far short of the legislation asked by Atty. Gen. Brownell.

Instead of giving him the sole power he requested over wiretapping in national security cases the House voted to make it subject to advance court approval.

The Democratic sponsor of provision for court approval was substituted for the administration bill by a 221-166 roll call vote in which 52 Republicans and 1 Independent joined 188 Democrats to make up the majority. All 118 votes against it came from the GOP. The revised bill was then sent to the Senate 378-10.

'Death Ceiling' for Comet Jet

By JAC KMEHAN

LONDON (UP) — Chairman Sir Miles Thomas of the British Overseas Airways Corp., said today a mysterious "death ceiling" apparently reached by Comet jet airliners when climbing on full power some six miles high may explain the fatal crashes of three of the powerful aircraft.

"We have had three inexplicable tragedies," Thomas told reporters after grounding BOAC's fleet of Comets following the latest crash in which 21 persons are missing in the Mediterranean off Italy.

The plane, carrying 14 passengers and seven crewmen, was on the Rome to Cairo leg of a flight from London to Johannesburg.

The plane was on loan to South Africa from the British Overseas Airways Corporation which immediately ordered Comet flights suspended throughout the world.

Thirty-seven persons were killed at Moose Jaw Sask. Yesterday when a training plane rammed a four-engine airliner of Trans-Canada Airlines. The dead included all 35 persons aboard the airliner, the pilot of the training plane and a cleaning woman who was trapped in a house onto which the wreckage fell.

Separate investigations into the disaster began today. An inquest also was scheduled to start.

At Oxnard, Calif., four air force men were killed last night when two F-94C Starfire jets collided in the air over Oxnard Air Force Base. One plane was coming in for a landing and the second was taking off when the collision occurred.

Five U. S. airmen died near Nagoya, Japan, yesterday when their KB-29 tanker plane caught fire and exploded after refueling a fighter plane in the air. Six other men aboard the plane parachuted to safety.

Capt. Ian Bell, pilot of the Trans-Canada airliner, transport, was in touch with the ground by radio when he saw the Canadian air force trainer headed for his big ship over Moose Jaw.

"I can't miss him," Bell shouted into his radio just before the collision.

Bell tried to steer his wobbling ship over a golf course after the collision. But the craft blew up in the air as it reached a row of houses on the edge of the golf course. Some of the flaming wreckage showered onto a school building where 400 children were attending class.

The occupants of the home into which most of the wreckage dropped were away. However, a cleaning woman hired only that morning was in the structure and was killed.

The collision of the two jets in California occurred while the planes were about 200 feet above the ground. Both planes were on routine patrol at the time.

Names of the victims were withheld pending notification of next of kin.

The below named veteran has been admitted to the Veterans Administration Hospital, Little Rock, Arkansas. It is possible that he will require blood or plasma. In fact, success of his treatment may depend upon his physician having enough blood of the right type available, ready for use. It is important that members of the family or several friends donate blood for this patient. Members of his church, lodge, veterans organization, or neighbors will be glad to help him as he would help them in similar circumstances.

Blood can only be obtained from persons willing to give it and the Veterans Administration Hospital has very limited sources of blood, other than the friends and family of patients. None of the blood is wasted and none of it is sold. Although it may not be necessary to furnish blood for this veteran, other veterans in the hospital may be in desperate need of such blood and your donation may save life of some other patients.

Please make an appointment with the blood bank. It is preferred that you come between the hours of 9:00 a. m. and 3 p. m. but blood will be drawn at night if those day hours are not convenient.

46 Known Dead, 21 Missing in Four Crashes

By United Press

At least 46 persons were killed yesterday and 21 others were missing and believed dead in four aviation disasters, two of them involving collisions in the air.

A South African Comet jet airliner with 21 persons aboard, three of them Americans, crashed into the Tyrrhenian sea 100 miles south of Naples.

Catholic Bishop Calls McCarthy 'Freedom Threat'

CHICAGO (UP) — Bishop Bernard J. Sheil of the Roman Catholic church said today Sen. Joseph R. McCarthy (R-Wis.) is a "city slicker" who is threatening American freedoms.

The most Rev. Sheil, auxiliary bishop of Chicago, attacked McCarthy, head of the Senate investigating committee, in a speech before 2,500 delegates to the CIO United Auto Workers' education conference here. He said he was not speaking for himself as a private citizen. McCarthy himself is a Catholic.

The most Rev. Sheil commented on McCarthy's activities in investigating communism in the United States and added that "this kind of ridiculous goings-on is seriously described as anti-communism."

"If you will pardon a very low-brow comment," he added, "I say 'Phooey.'"

"In my view," he said, "we have been victims in the last few years of a kind of shill game. We have been treated like country rubes taken in by a city slicker from Appleton." (Appleton, Wis., is McCarthy's home town.)

Probers Must Decide How Far to Go

By HERBERT FOSTER

WASHINGTON (UP) — Sen. Henry M. Jackson said today the Senate investigating subcommittee must decide soon how much of Sen. Joseph R. McCarthy's dispute with the Army it will air in forthcoming hearings.

Jackson (D-Wash.) said he expects the group to discuss the overall score of the inquiry at a meeting next week prior to the start of public hearings April 21.

Acting Chairman Karl E. Mundt (R-SD) told reporters he did not believe the subcommittee should go into McCarthy's past investigations of the Army, even though he thinks they helped to "trigger off this whole situation."

Instead, Mundt said, the group should confine its investigation to the immediate charges on each side: An Army report accusing McCarthy (R-Wis.) and subcommittee Roy M. Cohn of using pressure to get favors for a drafted friend, and McCarthy's counter-charge that the Army tried to blackmail him out of investigating Reds.

Seven Fears Being Dragged Into War

LONDON (AP) — Anneurin Brevan leader of the Labor party's left wing, declared in a newspaper article today Britain must tell the United States "in the clearest possible terms that we are not prepared to be dragged into military action in Indochina."

In the pro-labor Daily Mirror he wrote:

"The time will soon come, if indeed it hasn't already arrived, to inform America that the presence of America military personnel in these British islands is intolerable if our policies no longer march together."

The Independent Times and Liberal News Chronicle also expressed disquiet over Dulles call for a Big Three warning to Red China against further intervention in Indochina.

Crash Which Killed 37 to Be Probed

By JOHN T. COLEMAN

MOOSE JAW, Sask. (UP)—Four separate investigations opened today into a collision between an airliner and an air force training plane that killed 37 persons.

Aviation authorities believed a tape-recorder might hold the only sure clue to what caused the RCAF Harvard trainer flown by the Trans-Canada Air Lines North Star. The crash sent both planes carrying 36 persons hurtling 6,000 feet into three cottages. The 37th victim was killed when the four-engined North Star, its star board wing sheared off, crashed into a home where she was working.

A coroner's inquest was called today for formal identification of the dead. The bodies were placed overnight in an armory.

Local morgue facilities were too limited to hold them all. Three other investigations were held by the federal transport department, the RCAF, and the airline which sent top operations, engineering, security and personnel officials here.

Unconfirmed reports said Capt. Ian H. Bell of Vancouver, pilot of the North Star, was in touch with the Moose Jaw tower by radio seconds before the crash. The reports will be checked when the transport department releases its recording made of all radio messages to and from control towers.

Four crew members the collision, including five other TCA employees, were aboard the plane. Among the passengers were Rodney Adamson, 51-year-old conservative member of parliament for Toronto York-West and his wife, and prominent Vancouver, B. C., restaurant operator, Oscar A. Blank, owner of "Oscar's," a Well-known West Coast steak house.

Indochina Crisis Cited; Against Pressure for Armistice

WASHINGTON (AP) — Sen. J. W. Fulbright said today that Congress ought to "reappraise the whole foreign aid picture in the light of the current world situation."

Bridges, chairman of the Senate Appropriations Committee, said the statement to newsmen after the House voted to begin discussion of foreign aid for Indochina with Eisenhower's aid.

Earlier Sen. Humphrey (D) had said that any effort to pressure the United States to force Britain and France to unite against Communist forces in southeast Asia would be "a disaster."

"It would play right into the hands of the Communists," he said. "It would be like cutting off your nose to spite your face."

Dulles cancelled his appearance before the Senate Appropriations Committee this noon because of the British plans to begin a bombing campaign to support the anti-Communist forces in Indochina.

Council Rejects Bauxite Request

LITTLE ROCK (AP) — Two Arkansas Legislative Council committees, in separate actions, yesterday:

1. Prevented the bauxite industry from saying which agencies will be "acceptable" to make a survey of bauxite severance taxes.

2. Proposed a central administrative agency for the state's 29 independent licensing boards as a method of stricter legislative control.

The bauxite industry has offered to pay for an investigation by an "independent, unbiased" individual engineer or engineering firm. The survey would include a comparison of the rate of severance taxes paid by the bauxite industry with those paid by other industries.

The industry nominated a list of eight which it said would be acceptable. But the committee directed that the council staff, in co-operation with geology representatives of the University of Arkansas and the Resources and Development Commission, also make nominations.

Compensation Rates to Drop

LITTLE ROCK (AP) — Workmen's compensation insurance rates will drop an average of 6.2 per cent beginning June 1 due to an excess of premiums over payments for the past three years.

Insurance Commissioner Harvey G. Combs announced yesterday that rates for manufacturers will drop 7.1 per cent for contractors 6 per cent and for all others 58 per cent.

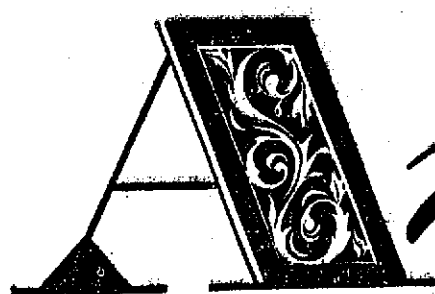

Combs said that between Jan. 1, 1950 and June 30, 1953, Arkansas employers paid \$22,327,156 in premiums on workmen's compensation and the losses paid by insurance companies amounted to only \$11,937,811 in the same period.

Free Drouth Seed Plan Opposed
WASHINGTON (AP) — Rep. Trimble (D-Ark) says the Agriculture Department opposes his plan to provide free seed to re-plant drought-stricken pastures and meadows.

"I am puzzled at the report," said Trimble who added that his bill was introduced after repeated consultations with the department. "They told me that the secretary lacked the authority to provide seed for our drought-ridden grazing land," he said.

Trimble said that in opposing his bill, the department now says it has sufficient authority to provide the aid his measure would give.

Hope Ladies Among Judges At Flower Show In Nashville
On Thursday, April 8, Mrs. R. L.

Sunday School Lesson

By William Gilroy, D. D.

A correspondent in Oregon expresses the opinion that the Lord's Prayer is improperly named. He says it was, in reality, not the prayer of Jesus Himself, but the prayer He taught others in response to the request, "Lord teach us to pray."

The conditions of my work do not permit much opportunity for correspondence or discussion, and I avoid acutely controversial matters. I prefer to concentrate upon the practical guidance and help to be derived from the Bible.

Broach, Mrs. A. A. Halbert and Mrs. LaRoy Spates motored to Nashville, to act as judges at the annual flower show of the Nashville Federated Garden Club.

The theme of the flower show was "Holiday in Holland," and was held at the Legion Hut. Other judges and hostesses were: Mrs. Jett Sain, Mrs. J. J. Reeder, Mrs. C. O. Baughman and Mrs. William Gibson.

Following the flower show, Mrs. Broach, Mrs. Halbert and Mrs. Spates were entertained in the home of Mrs. Jett Sain.

Personal Mention

Miss Anna Rebecca Bird of Fordyce, granddaughter of Mrs. S. G. Norton of Hope, played "Wedding Day at Troldhaugen" by Edvard Grieg at the meeting of the Fordyce Culture Club in the home of Mrs. W. R. Benton, Jr., on April 8. Miss Bird will accompany her mother when she sings at the Culture Club in May. Anna Rebecca has been taking organ lessons and is being trained to play at the Methodist Church evening services next year.

Coming and Going

Mr. and Mrs. John G. Williams of Dallas, Texas, are the guests of Mr. Williams' sister, Mrs. W. E. Briant and Miss Evelyn Briant.

Miss Lullie Allen and Mrs. Jim Green have arrived in Hope from South Carolina and will spend some time here.

Mesdames J. M. Johnson, Otis Townsend, Carl Vickers, Scot Ross, D. G. Richards, Jimmy Hudson, Shelby Jones, Lee Ross, Frank Halton and the Reverend John Rushing of Emmet attended the annual conference of the Woman's Society of Christian Service in Camden on Wednesday, April 7.

Mrs. Norman Cogar and twins, Norma Jean and Thelma Jane, of San Pablo, California, have returned to their home after a month's visit with her parents, Mr. and Mrs. H. L. Powell of Guernsey.

However in this matter relating to the Lord's Prayer, which does not seem to me to be of great importance, I would point out that when an author writes a book for others to read it is none the less known as his book so in that sense the prayer He gave to others was the Lord's.

Also even if my Oregon correspondent were right, the Prayer has so long and universally been known as "The Lord's Prayer" that there would be little likelihood of any other designation becoming established.

Errors in names and designations once they have become established seldom find correction. A classic example is the so-called "Battle of Bunker's Hill."

The battle was actually fought on Breed's Hill. The officer ordered to fortify Bunker's Hill got the wrong hill and fortified Breed's Hill.

The important thing is not the name but the battle the first determining factor in the American Revolution.

I feel that the name by which we call the Prayer that Jesus taught His disciples is unimportant. What is important is the Prayer.

However, if any of my readers attach more significance to my correspondent's distinction, I hasten to point out that the Gospels give us much evidence concerning Jesus in every sense the Master's own.

Jesus prayed for Peter that his faith should not fail (Luke 22:32). He prayed for the chosen disciples that God the Father would give them a Comforter who would abide with them forever (John 14:16).

He prayed for the disciples not that they should be taken out of the world, but that they should be

kept from the world's evil and sanctified through the truth, which is the word of God (John 17:16-17).

And in that same prayer He prayed for all who should believe through them, that they all might be united in spirit, even as He and the Father were one (John 17:21, 22).

The ministry of Jesus began in prayer, for He prayed at His Baptism (Luke 3:21) and He prayed near the end of His pre-Resurrection ministry, in the agonizing prayer in Gethsemane, that the cup might pass (Luke 22:42-44). He prayed in the hour of Calvary for the forgiveness of those who crucified Him (Luke 23:34). And if the cry of His suffering, "My God, My God, why hast Thou forsaken Me?" was a prayer, a prayer also was the prayer of submission to the divine will: "Father into Thy hands I commend my spirit" in fulfillment of the prayer in Gethsemane, "not My will, but Thine, be done."

Thus it was that Jesus prayed. He told us how to pray, not only by precept and in the words of what we call "The Lord's Prayer," but in the example of a life of continuous prayer.

Man Convicted of Manslaughter

MOUNTAIN HOME, Ark.—Charles L. Forester, 62, charged with first degree murder in the fatal beating of his wife, was convicted of involuntary manslaughter here yesterday.

The jury, after deliberating four hours, fixed the Baxter County farmer's sentence at one year in prison.

Defense Attorney Ernie Wright said he would appeal the decision to the State Supreme Court.

The prosecution claimed Forester beat his 73-year-old wife Catherine, over the head with a stick of stove wood. She died in a Mountain Home hospital Dec. 8, 1953.

Forester protested that his wife died of natural causes.

Yankees and Dodgers Open Series Today

BROOKLYN (AP)—The clock will turn back more than six months at Ebbets Field today when the New York Yankees and the Brooklyn Dodgers clash in the first of their pre-season exhibition games.

Last October, the two teams met in the World Series and the Yankees won it four games to two.

Plenty of experts thought the Brooks could lick Casey Stengel's men then this time they're more convinced that ever the Dodgers, under Walston, a new manager, have looked like the National League champions all spring.

The Yanks on the other hand have been sputtering and backfiring since the start of the exhibition schedule. They've played like like anything but a club that has won five straight world championships.

Allie Reynolds and Johnny Sain, a couple of ancient front-liners will share the hurling chores for the Yankees, while Carl Erskine will get the mound assignment for the Dodgers. Both managers have indicated they will start all their first stringers.

Said Stengel: "We are the champions and we should win the pennant again. But it will be much harder than last year. We've lost some men, so it's up to us to fill the spots I mean replacing such men as Vic Raschi (traded), Johnny Mize (retired) and Billy Martin (drafted).
